

The Madden's Mindanao Message

"Preaching in my Jerusalem"

News from Cagayan De Oro Mindanao !

Landfill ministry is getting brighter; same folks are coming to worship and Wednesday Bible study.

What is new is the approach and study topic; I opened up a house church with Boyet in at the house of Ariel and his family. Josh also comes along; but wait!!!! there's more... we also started a house church at Land Fill side at Josh's Uncle's house which is roomier than the church!! Josh and I lead that one as he does interpreting and is beginning to preach more!!!

That's right!! My son in the spirit is growing up and reading one Bible chapter each day!!

But wait!!!! There's more!! Josh and I also started another house church in Carmen on the way back from Oro Rama with another large family who has a daughter living in (guess where??) Brooklyn, New York!! They and all involved are being transformed by the teaching and preaching of the Bible; the King James Bible!! It is a true saying that God's Word never returns void!! Hearts are changing, people are reading the King James Bible on their own!! And they know the difference between being religious and being a FOD disciple. (Faithfully Obediently Diligently) obeying God's word..

There's still more!!!!

Josh and his sister are in their first year at COC (Cagayan de Oro College) which they are sharing their faith and teaching the truth so well, that they post many special things in Facebook on their thoughts and teachings of the Bible; especially Arlene. And by God's power we were also able to start a Bible study every Thursday at 1:20 until 2:30 or longer. Last week was the 2nd study and already at 12+ students coming and learning and being woken up to the King James Bible and the power of it's teaching. Their hearts are so desirous to learn more and so... this Thursday I will bring mini Bibles of John and Mark in Cebuano to give to the ones who promise to read one chapter or verse a day.

Sister Evelyn is reading her Bible now!!!! wow!!!! Boyet and I go to her place and he leads the study as I try to keep up.. he he. all of a sudden 2 weeks ago she asked a question about Romans chapter 6!! She is beginning to see the light and her kids are all there now!!!

Boyet who is (my brother in law) is getting more polished in his teaching and more expressive in his studies. We are doing it as a team and Josh is my 2nd arm.

God is indeed good all the time; my time is getting less at home and more in the field on this new approach and there is indeed power in the word of God.

May God bless you as you keep praying and supporting this ministry... It is a beautiful work!

Tropical Tragedy to Triumph

The tragedy is another reminder that OUR
 GOD'S fury is sometimes so immense that
 it can overwhelm even the most diligent
 preparations. Combine that with a string of
 unfortunate circumstances — some man-
 made — and the result is the disaster of epic
 proportions that the country now faces.
 Some officials estimate that 10,000 or more
 people were killed by Haiyan, washed away
 by the churning waters that poured in from
 the Pacific or buried under mountains of
 trash and rubble. But it may be days or even
 weeks before the full extent of the destruc-
 tion is known. PLEASE KEEP YOUR
 MINDS AND HEARTS OPEN TO THE
 NEED OF THESE PRECIOUS PEOPLE .

The Madden family has pur-
 chased our Airfare ! Expected
 Departure to Mindanao Philip-
 pines is January 20th 2014 . We
 look forward to being engaged in
 the work of the Lord . We covet
 your prayers . In the meantime,
 these next couple of weeks will
 be preparation time for us and
 a chance to present to a few
 more churches. Will you con-
 sider the Madden family in
 Prayer and Partnership.
