I would have to say that the title for this letter is fitting for these past months but as well as years , as you know God is our God of mercy and compassion . As for our field . and the Island of Mindanao is in a political turmoil . In this past year we have seen in the news media and public display the tyranny of men's hearts and the undying agenda's of this land and the Philippines as a whole . Due to certain rebellious groups ,Massacres and people armies dated way back to Revolutions of in the early 1970's under president Marcos's laws . . I would have to say that Philippines in one way is a nation and country of severe judgment due to the crisis of these agendas and Religion . .

Catholicism is prevalent everywhere and cultic religions spread in this warfare of battleground of souls .for eternity . The enemy is clever and knows how to manipulate these feeble minded people because of the vast IGNORANCE . My family and I have been here for over a period of five years and I can say there is still a great sense of hope in so many avenues of reaching and teaching . Let me say this .in the event of evangelism . It is not enough just to make someone pray a simple religious prayer to inherit eternal life ,Philippines believes heavily in the work and deed of prayer . , we don't want more religious people but we are searching for the righteous through believing in the Great words of God. The Kings English and not some perverted revised edition of translations . God ordained one Bible not many and allow me to say I am very careful to even teach in their own native tongue . Cebuano because you simply cant get the same authenticity of the English in another language. period . So we teach the King James bible as the authority of our Lord Jesus Christ . .

You would not believe your eyes as a small yet growing church how they are holding to the book , in fact I tell the people don't believe me you would be a great fool . Just trust the book and study . !!! . 2 Tim 2 :15 . Right now I have decided to obey what the lord has told us to do and that is to ROOT people and UPROOT them from any traditions and culture that contradicts this book and bring them to the light of his words . . So the church now . Is going through a three month sermon series of just the bible , , nothing even about salvation or baptism or lords supper . . Just the bible . Getting them to FULLY to trust that book in any crisis .and problem they would face. AMEN and Amen. Then when we are ready to teach the meaty stuff they are ready without even a Negative . Criticism . Against it or a question against it . .

## Heritage continues to Grow!

My dear daughters Salina Charity & Ianna hope have excelled to the next level of Grade K1 ,this is going before my eyes I couldn't imagine WOW . Thank you Lord , we are so proud of them and the curriculum of a dear friend Pastor who runs an Academy .with the Department Of Education for both academic and spiritual growth .

I've decided to put my two youngest in Karate, class and develop their motor skills and have them engaged in summer programs to keep their minds active as well . Martial Arts has always been in me and I would love to see them experience it especially at this age .

Ministry always Flourishing with the Maddens at the bottom left Picture represents my speaking engagements to graduating class of 2015 as these young ministers carry on the torch to start the flame in their local areas of where they are from , you do pray for these young men and woman .
