**Praises from the Desk of Evangelist Madden**

Think about this .

“In today’s culture of “Church planting “ people get so concerned about How many how many ! The Quantity but they get less concerned about how much and How DEEP . Id rather have a church of 10 who are ROOTED and Grounded then have a church of 500 with social programs and no evangelism and shallow Christianity . “

**church PLANTING**

This plant work is such a challenging one and will take time with the power of prayer and” **planting one soul at a time**

“ . We praise the Lord we have 5 adults and between 20 and 30 Kids that regularly attend our service and what a blessing to hear new converts come from a life of alcohol and drugs and immorality to a new life in Christ . 2 Cor 5:17KJB ;
