Student leaders of 2007-08

rebuild the ministry at State. God had gotten a grip of his life while he was a student, and even though he had never been to Australia [on a spring break trip or summer trip], he felt called to spend the year after graduating as a missionary reaching college students in Melbourne. He went with some other former students [from Santa Barbara] and God used them on 2 campuses that year. Their work also helped pioneer the college ministry in a nearby town called Geelong. In the last two years, God has grown the ministry from 0 campuses in Geelong to 8 currently. Why do I share all this? I am in no way bragging, or hoping to show off. I am humbled that our God, who called Wendy and me to reach San Diego, has drawn students from all over San Diego, the US, and even the world to be on the campuses here. That just by being in college, we are reaching many of our future influencers of culture, community and business. That He would use college students and former students to literally reach the world. And that here is Andrew, now training to be a firefighter...and he can use all of his experience to not only reach co-workers and friends, but influence whatever community or church he ends up serving in. I am just in awe to be included in such incredible work. To really be apart of the life change business. Thanks so much for your partnership!!

## Random stuff

Well, we are excited to share that after a number of months we were able to get a family size vehicle! Many of you have asked how it has been going and we have been making it work with a couple 4 door sedans. But, last month when one of them just couldn't reach inside itself to pass California's emission's test, we were in a bit of a crisis. But, through your prayers and support, it was the perfect timing for us to get something with the glorious 3rd row seat. Thanks so much for your help with this and care for us. We so appreciate you.

**-- We will be in Orange County the last week of June helping lead the conference as 12 teams of students go to mission trips, literally around the world. Wendy and I will each be coaching a team as they prepare, I will be emceeing the time and I will have one of the main teaching sessions. Please pray for us that we can serve the teams well, that our kids do well without us [and our sitter stays sane], and please pray for the students who are currently raising support to go and trusting God with their summers.**

-- Please let us know if you have any prayer needs, we love to hear from you !! ☺

## Humbling

I was just hanging out with a former San Diego State student in the last week. He is currently training to be a firefighter. As we spent some time reminiscing I was humbled by what God has done in and through his life. His name is Andrew, and I met him during our first year here in San Diego. He was one of the students who had helped

*In His grip,  
Kyle, Wendy, Malia, Carter & Avery*
