

SDSU

Leaders at Fall Getaway

Looking for ways to reach their friends, other students and co-workers on campus, we did over 1200 spiritual interest surveys and have talked to about 300 students who wanted more information. We have 2 new freshman Bible studies up and running and studies for leaders and upperclassmen. We also had a great Fall Getaway at Forest Home, which is where Dr. Bill Bright had the original vision to start Campus Crusade for Christ in the late 1940's.

We are gearing up for our annual Winter Conference and we're already recruiting and looking forward to the summer and opportunities to work on campuses in other countries.

Those are all great things to praise God for, but there are still areas to pray for.

One is that we are working at hosting a Porn Nation [www.pornnationthebook.com] event at SDSU. It is a program to help students see how sexualized our culture is, while sharing how porn is not only addictive, but can literally ruin your life. Please pray that we can secure a date and the funding. We did this event 4 years ago to great success at UCSD.

Jesus and what the Bible says about sex was an issue on campus for about 3 weeks and we are praying for a similar response at SDSU.

Please pardon our tardiness at getting an update out. There is no excuse! We do thank you for your prayers and support to reach college students right where they are.

### Etc....

**- We have visited one of our campuses in Tijuana 2X this year. We are hoping to get a foot in the door by setting up an English Language club, which will help us get favor with the administration. Then we can pursue recognition for a Christian club. Please pray for our safety, and that the response is huge.**

*- Please pray with us as we are looking at our summer assignment for 2010. It looks like we may go overseas for the summer as a family to help build momentum on campuses that need more staff. The location is kind of up in the air, and we will keep you updated as we hear more information. For now, just pray God's will be done, that He is going before us, and that we walk in obedience. Plus, patience... I already can't picture our kids on a plane for 10-18 hours!*

### Campus

Well, the year is off and running... and tiring! This fall has been great. We have a small team of people who are joining us for at least one year to reach out to UCSD. This frees our team up to focus our time at SDSU, while trusting God to work at other campuses in San Diego and Tijuana. Our group of leaders at SDSU have been doing a great job of running with the ministry.

*In His grip,*

*Kyle, Wendy, Malia, Carter & Avery*
