

Time

Campus

Well, I hope this letter finds you enjoying the spring. It's always an interesting and FAST time of year for us. It is usually the culmination of so many events on campus. We have 2 different outreaches coming up just in Tijuana, one a language exchange, the other a 3x3 basketball tourney. Please pray we can partner well with the campus there [UABC] and make some good relationships.

Students in New Orleans

- We also just had a time in New Orleans with 50 of our students. Only about 5% of the destroyed homes have been gutted or rebuilt so the need is great. We were able to bring many 'non-christian' friends from campus, so we weren't just blessing NOLA, but we were building spiritual relationships with students from San Diego.

- Lastly, like I mentioned in our last newsletter, we are getting ready for a big, campus-wide outreach at UCSD called "who do you think I am?". Our students will fill the campus with posters, flyers and wear t-shirts with the slogan and prayerfully get in many conversations related to who Christ is. It will culminate with an evening to hear from a local pastor on who Jesus is and how he can transform our lives. Please join us in prayer that Jesus will be an issue on campus that week and that people will be saved.

Also, please pray for our students, many of who will be sharing their faith for the first time!

More New Orleans repairs

Update

- As I mentioned a couple letters ago, we have been given permission to focus on our financial support. I just wanted to give you an update [especially if you haven't heard from us yet!].

- We are at 72% of our need, which on one side sounds desperate [needing 28%], but is also great that so much support is consistently being met by you all.

- We have a deadline of June 15th to report back to our assignment [I am on campus one day a week now instead of 5 days this spring].

- We need you to pray for us, that God would increase our faith [it can be hard getting on the phone]; also that we would not be anxious; for clear direction; and that we will meet the June 15th deadline.

- Please also be praying how you might help. We are realizing that we need to meet more friends who have a heart and desire to be involved in our outreach to young people.

Special Thanks

-We are so encouraged by your support and love for us!

In His grip,
Kyle, Wendy, Malia, Carter & Avery
