Campus

Well the summer is over...at least for us. Thank you so much for your prayers for us as we traveled to Colorado. God did some great work in our hearts and really reconnected us with what he is doing around the world. We can get pretty focused on San Diego and the work here, so it is always refreshing to hear what is going on in other countries and cultures.

Avery's first fish!

As I type this, 12,000 new freshmen are walking onto San Diego State and 20 of our students and staff are there to meet them and do freshmen surveys [from which we do personal follow-up and evangelism]. The Fall is always an exciting time of momentum as we see our students step out in faith and as we see students come to faith. UCSD will start in about a month and in between we will be trying to launch new ministries at Cal State San Marcos and Pt. Loma [focusing a bible study on reaching lost people for Christ]. ***Please join us in prayer for this time of year when so many new students are feeling lonely and disconnected.*** You would be amazed to know that the suicide rate for 16-24 year olds is growing and looking at Virginia Tech last spring, you can see what one sick disconnected student can be capable of. There is a legitimate battle for the hearts and minds of these young people.

- We are having Christian illusionist Andre Cole come to SDSU and maybe San Marcos this Fall. Please pray that God would use the interest in illusion to open doors in people's hearts to hear the Gospel and respond to it. It will take a lot for us to pull this off. The dates he is in town are September 17 and 18.

Update

- Wendy and I are asking for you all to pray for us, and potentially even fast a meal where you would use that special time to pray for us. We feel like we are definitely in a spiritual battle with so much going on.

Support has been moving forward which is encouraging, but it has been slower than we would have hoped.

We have felt discouragement. We know He is with us and for us, but you may be able to relate to times where He seems distant. This is one of those times for us.

Our family car has gone to pasture. This adds to some of our stress, since my job [all over San Diego county] really demands we have 2 cars.

Specifically, when you pray, ask God to help us sense his presence and to tangibly provide a family car for us. You may be in a place of transition and could donate a car. You may be able to help with a special gift or have some other ideas for us in this. Thanks for joining us in this.

Special Thanks

-We pray that you sense God's blessing.

*In His grip,
Kyle, Wendy, Malia, Carter & Avery*
