

Meet 2 of the 3 other staff women who will be on my team this fall! All of which I will get to personally train and develop this year! From Left: Me, Cate and Adrienne

What I've been doing with my summer...

On June 18th I left Orlando to join my family for a large family reunion in Arkadelphia, Arkansas for a week. It was a blast spending time with my immediate family and getting to know cousins I haven't seen in many years! I then headed back to Lebanon, Ohio where I've spent a majority of the summer visiting supporters and raising additional support as I prepare to hopefully head back to Orlando by the middle of August. I'm enjoying time at home while looking forward to beginning ministry in August with the students in the college program! I hope this letter has given you a bit more insight into what I'll be doing in the fall. I'm so excited to see how the Lord will unfold this next year at Disney and how He will work in the lives of countless college students, exposing them to the good news of Jesus Christ!

Prayer Requests

- That the Lord would provide the \$900 in monthly support that I need to be able to begin serving on the Disney Missional team (by Aug. 15 our official report date!)
- For rich time with my parents, siblings and nephew while I'm at home in Ohio raising support
- The Lord would prepare my heart to be on this new team!

More
about
the

WALT DISNEY WORLD® INTERNSHIP PROGRAM

- 8,000 interns per year
 - 5,000 US students from hundreds of campuses
 - 3,000 international interns from over 52 countries on every livable continent
 - Many are top future leaders from around the world
- Largest internship program in the US
- 4–12 month internship
 - Live together in College Program apartments
 - Work in entry level positions across Walt Disney World®
 - Take collegiate level courses
- Campus Crusade's partnership with Disney began in 2006
 - Campus Crusade for Christ student leaders are fully part of the College Program
 - Full-time Campus Crusade for Christ staff invest in our student leaders and College Program students
 - Year-round opportunities with College Program students

We're believing God to see the gospel of Jesus change lives, communities, & countries around the world through opportunities at Walt Disney World®...

Changing Lives

Over the years, staff and students have discovered that making friends with international and American interns at Walt Disney World® is incredibly easy! Hundreds of friendships have quickly taken root as they worked and had fun at Walt Disney World®. Through these natural relationships, having fun in sunny Florida, and hosting group discussions, thousands more interns will soon hear, see, and experience the gospel of Jesus. And in Christ they will find the life and redemption for which they are deeply longing.

Changing Communities

Life happens in communities of relationships. While most students know no one when they arrive at Walt Disney World®, we want to build small communities of students throughout the internship community. We envision these “spiritual movements” popping up across the program in work locations, apartments, and country-of-origin affinity groups. At the core of each movement is an exploration and growth in understanding how the fullness of life is found in Jesus Christ. Through excellent resources and hands-on development, these interns can grow as followers and leaders for Christ. Our prayer is that we would see leaders raised up to return home equipped to start their own spiritual movements in their campuses, communities, and countries.

“There are a lot of problems in the world that affect millions of people, but there are five that affect billions.”

Pastor & Author Rick Warren

Extreme Poverty
Disease Pandemics
Corrupt Leadership
Illiteracy
Spiritual Emptiness

Changing Countries

Some of the greatest problems facing the world today keep billions of people from experiencing the fullness of life. Reversing the growing impact of these problems is at the heart of the Walt Disney World® Missional Team. The sustaining, long-term solution to these global issues is found in Jesus Christ. With the opportunity to work with the next generation of top leaders from around the world, we desire to give them the awareness, vision, and resources to return home as leaders to see the gospel of Jesus forever change these debilitating problems in their cities and countries around the

world.
