"Fear you not; for I am with you: be not dismayed; for I am your God:
I will strengthen you; yes, I will help you; yes,
I will uphold you with the right hand of my righteousness." Isaiah 41:10

Dear family and friends,

We hope you are walking close to God and getting your strength from Him.

In December, we had the graduation of the kids that participated at Haven of Hope in 2021. It was enjoyable and emotional at the same time, with lots of the kids crying because they wanted to continue participating at Haven of Hope this year. The parents sent many messages thanking Haven of Hope for transforming their kids' lives. God was gracious in changing the lives of these kids.

2021 Kids from Haven of Hope Graduation

This month we started receiving a new group of kids from the second grade of the public state school. All the kids we are receiving are diagnosed with learning disabilities. Our challenge will be sharing the Gospel with them and getting them to read, write and do basic math by the end of the year. We know that this all will only be possible with the Lord working in the hearts of these kids. This year Haven of Hope will also offer computer classes.

During January we worked on improvements at Haven of Hope: painting walls, organizing material, restructuring the distribution of the classrooms in the building we are using, and many other little things on the "to do" list.

Our kids started their Homeschooling year: Rebeka is in 6th grade, Timothy is in 4th grade, and Deborah is learning by helping mommy a lot. Thank you for praying for the homeschooling material. It arrived in December.

Be praying for our monthly support. Unfortunately, some supporters passed away last year, and others lost some or all of their income and could not continue supporting the ministry.

We are glad that the construction of our house is coming along fast. This month they will start working on the roofing. We raised 85% of the total we need to finish the home to a point where we can move into it.

December: the wall was coming up!

February: the attic is concreted!

January: the walls are done!

This month we also start Kids Club meetings again to continue the evangelism of kids in the neighborhood.

In Christ,
