December 2022

"For to us a child is born, to us a son is given: and the government shall be on his shoulder: and his name shall be called Wonderful, Counselor, The mighty God, The everlasting Father, The Prince of Peace." ***Isaiah 9.6***

Dear family and friends,

It was early morning and we were already up and getting the last things packed for the moving truck that was about to arrive. After almost two years of building the day to move into our new home had finally arrived!

We are now living in our new home! We are grateful to God for permitting us to build a house and for all of you that have been supporting us and making this possible.

During the first week of this month, we had the graduation for the kids that participated at Haven of Hope. The testimony of the kids that participated this year impacted many people: from parents, and teachers to psychologists that know these kids for a long time. Giovana is one of them. She was diagnosed with ADHD and one day, at Kids Club, she wasn't feeling well and almost passed out. As her mom came to pick her up, she asked if Giovana could continue coming next year, because her psychiartrist had seen some good changes this year in her attitudes. The light of the Lord reflected by these kids is making a tremendous difference.

2022 Haven of Hope

Many of the kids gave their lives to the Lord and we will continue the discipleship in the Bible with the Kids Club we have at Haven of Hope on Saturdays.

The first week of December Andrew made a quick trip to the USA to pick up the homeschooling material the kids will be using this next year.

In Brazil the political situation is tense, the comunist party won for president with many acusations of fraud. There have been many road blocks and pepole arrested for questioning the eletronic voting system.

During these last three years, our support has gradually been declining due to supporters that passed away and inflation. For this reason, we are planning on going to the USA to visit churches and supporters to raise the support we need to continue in the ministry.

If you still don't support us I would like to challenge you to start! If you already support us and would like to help us raise the support we need, share with a friend or family our ministry and the difference they can make by supporting the ministry!

God bless you for being part of and supporting the ministry in Brazil!

Merry Christmas and a Happy New Year,

Andrew, Carmen, Rebeka, Timotheo and Deborah Pereira
