

Dear Friends,

Several weeks ago you received a letter from Ellis Goldstein, the National Director for Ministry Partner Development for Cru. He shared with you that some of your contributions for Cru were going into the General Fund (a holding account) because the staff member you had supported left our ministry. Previous to that Steve Douglass, our President, and I had also written. We want those who give to this ministry to know that their gifts are being used to advance the Gospel. Your contributions are now being directed toward our ministry as we seek to reach students at the University of Central Florida for Christ. Thank you so much for your partnership with Cru. We look forward to getting to know you.

Yours in Christ,

*Jenny and Heather*
