Turning Lost Students Into Christ-Centered Laborers

Biting Off More Than We Can Chew

Many people questioned our sanity when we determined to have a baby, move to Dekalb, IL, raise a considerable amount of new support, and begin a new campus ministry at Northern Illinois University all in one three month period. I am now fairly certain they were right. The last month has been a monumental test of faith. It's easy to praise God when the sun is shining and all is well, but how quickly our praise has turned to questions and doubts, especially since raising our much needed financial support has been easier said than done, and finding a place to live in the Dekalb has been very frustrating.

Our heart's desire is to be at NIU reaching out to college students with the gospel as soon as we can. Our biggest obstacle right now is our need for new financial partners. Please pray for the Lord to provide during this difficult time, but more than that, pray that we would not doubt his goodness and faithfulness. He never stops caring for his people. We need to be remember that great truth every day. Pray with us that we would humble ourselves under his mighty hand and cast all our anxieties on Him because He cares for us.

"Humble yourselves, therefore, under the mighty hand of God so that at the proper time he may exalt you, casting all your anxieties on him, because he cares for you."
