

CAMPUS CRUSADE FOR CHRIST AT
BALL STATE UNIVERSITY

AUGUST 20, 2005

MINISTRY

We are poised and ready for another exciting fall semester. We've been praying as a staff team specifically for all the new freshmen that are coming this year. The fear of the unknown and the excitement of life away from parents is a lot for an eighteen year old to handle all at once. We have prayed that God would lead us to those freshmen that are ready to hear about the love and salvation that is found in Christ.

Some of the ways we are reaching out to the incoming freshmen is asking them to fill out a New Student Questionnaire. This short questionnaire will help give us an idea of who is interested in learning more about God, or who might be interested in joining a small group Bible study. We are also throwing a freshmen party outside in the middle of campus. Last year I met Dustin at this party and now he is coming back as a sophomore loving the Lord and ready to go into full time Christian ministry.

FAMILY

Our family is doing great. We took a well-needed vacation after our summer in Colorado with Heather's family. It was our first family vacation and we had a wonderful time. The mountains of Colorado are so beautiful. Riding the ski lift up the mountains and hiking down was a highlight of our time.

Sydney is on the verge of walking, which all you parents should know, is a blessing and a curse all in one. Soon she will be getting places she shouldn't be and really quickly.

Ethan is just hilarious. He absolutely cracked us up this summer. He can express himself very well and he has become a little parrot, copying everything we say.

PLEASE PRAY FOR:

- The freshmen class, that they would seek after God and not the acceptance and approval of peers.
- Our staff team as we work hard to give every student at BSU an opportunity to say yes to Christ.

We love serving with you to reach college students for Christ. Thank you for your prayers and support of us and our ministry.

Yours in Christ,

*Jeremy Heather
Ethan & Sydney*
