

Dear Partner,

Something changes in a person when they see someone snatched from the kingdom of darkness into the Kingdom of Light. It's the most powerful of miracles, that One so full of grace would save us from ourselves. Joanna is one of those changed lives, and she's been a highlight for me this past year of ministry. Joanna is a sophomore at the University of Wisconsin—Whitewater. She attended Cru Winter Conference as a freshman last year and God transformed her life. Though Joanna was raised hearing some Christian truth, she began to follow Christ about that time.

Last summer, Joanna went on a Cru Summer Mission to Peru and discovered the sheer joy of sharing the Good News of Jesus with others, even in Spanish! She saw several people respond to the Gospel, who are currently being discipled by longer-term staff. Joanna also enjoyed the community of faith she experienced there.

Last month, she challenged 100 of her fellow UW-Whitewater students at our Cru Live weekly meeting to live a life on mission and consider going for a summer. She shared story after powerful story of the friends she made and the lives she saw changed for eternity. Joanna was recently accepted to go on summer mission in New Jersey, where she will be in an intensive leadership development environment.

This year, Joanna, who just recently began studying the Bible herself, is co-leading a Bible study on campus. She delights in caring for and shepherding these women and helping them discover truth from God's Word. She has a heart for each freshman to hear about Jesus. She has just joined the Core Leadership team and oversees the women's ministry on her campus. We can't wait to see how her heart for the Lord and the lost will transform the movement in Whitewater.

Seeing change like this in students' lives is one reason we are still very motivated to get out on the campus and see where the Lord is working.

Thank you for your critical role. As Cru's founder Bill Bright said, "Win the campus for Christ today, win the world for Christ tomorrow."

Scott joins me in sending our love,

Bonnie Roe
