

The Roe's Hatch

July 30, 2022

Dear Partners,

Summer is always filled with transition and opportunities.

We've seen students graduate and move on to continuing education and new careers, with a handful joining our ministry.

We've sent students to training events and missions trips in the states and various countries inside and outside of the largely unreached 10-40 Window.

We've celebrated the good work of cherished volunteers, students, and staff, and bid farewell to those transitioning to other pursuits.

Along with the extra mission trips, our staff are planning for the upcoming year and thinking about ideas often lost in the consistently fast pace of the school year. This month even included Cru's national biennial conference, a year delayed, but in Wisconsin!

Ministry wouldn't happen without your prayer, encouragement, and financial generosity. Your role is significant, and we are grateful.

Scott & Bonnie Roe

I've been asked about the Chinese student I met last Labor Day at our Volleyball event on campus as he got connect with our ministry at UW. So many people invested in him and he in turn has been a vibrant witness to many others as he became a follower of Christ.

[Scan the QR code below to watch his testimony.](#)

There you can also see the encouraging testimony of Luke, another student leader, who shared the same night.

Cru22, our national conference met in Milwaukee!

National and Global leaders taught and inspired

Ukraine's national director shared war-time realities

UW alumnus Adam Go emceed our Campus Ministry days

Providing breakfast for students during finals week

We enjoyed at MKE's spy-themed Safe House restaurant

2021-2022 Southern Wisconsin staff team serving faculty, internationals, grad and undergrad students

Three recent grads (Lex, Genesis, and Zane) will soon join our team as new Cru interns

FALL 2022 PRAYER OPPORTUNITIES

Praise God for the thousands of people Cru students and staff engaged with on various summer missions. Pray for new believers to be attached to good fellowship and thrive.

Pray for the many who did not respond to have soft hearts and that the seed of the gospel will take root.

Praise God that our new interns have seen so much success raising their support this summer. Pray they find their final partners so they can join us at our staff retreat next week.

Pray for us as we work with staff and students to get them ready for ministry for the new year.

Pray for returning students to walk in need grace and experience the love of our Savior anew.

Pray for our student leaders to minister faithfully, effectively, and fruitfully. May God miraculously produce fruit beyond our abilities.

Below are some of the key dates and events already in the works. Additionally our staff, students, and volunteers will be busy hosting house parties, tailgates, setting up info tables, offering spiritual interest surveys, and so much more to find ways to personally engage with tons of students and faculty in order to present Christ's gospel with those interested.
