April 27, 2026

**Four hundred Cru disciple makers from nearly 100 nations gathered in Ethiopia last month for a single purpose: to join God in making disciples all over the world.** Our teammate Jay and I (Jordan) journeyed to Africa for the first time to learn and serve in whatever ways we could.

We focused on building healthy, vital, and sustainable leaders, churches, and movements so that everyone knows someone who truly follows Jesus. We met people from every continent who are seeing the Lord do amazing things. We heard stories of how God raised up 29 generations of churches among Muslims in one Asian country. Another disciple maker is shepherding 25 microchurches in a single city in a remote region—and those churches are made up entirely of new believers!

We were sharpened and encouraged through conversations and felt confirmed in our vision and calling in Slovenia. We're sowing seeds of the gospel broadly and trusting God for the fruit. We're seeing our disciples take steps of faith and catch a vision for reaching their nation and the world for Jesus.

At the end of last month, we were also commissioned by our local church to go and plant microchurches all over Slovenia, starting in our neighborhood. We continue to trust the Lord for a healthy, vital, and sustainable microchurch in all 212 municipalities of Slovenia through your partnership.

*During the conference, I spoke to European leaders about the ministry of reconciliation that God has entrusted to all of us.*

## Prayers + Praises

**Praise God for the opportunity to learn** and grow with other disciple makers in Ethiopia and for safe travels.

**Pray that the Lord would continue to** work and bring forth an abundant harvest as we trust Him for a movement across Slovenia, where people bring the hope of Jesus to everyone around them

## See Us In Ohio This Summer!

We will be in Ohio this summer for our home assignment to reconnect with family, friends, and ministry partners like you.

Stop by on **Thursday, June 4** between 5-7pm **at Boettler Park in Green** for light refreshments. We'll be at the pavilion on the hill next to the playground.
