

JOSHUA'S JOURNAL

MARCH 2008

For from him and through him and to him are all things. To him be the glory forever. Amen. -Romans 11:36

Soularium

This evangelistic strategy that developed in the hard spiritual soil of western Europe has consistently been a great venue for incredible conversations with students this semester. In the last month, I've sat down specifically with three perfect strangers and had hour long conversations about life and the unseen. Topics have varied from moral relativism, to life after death, meaning in life, and the problem with suffering. An art student, Brad, shared about his disdain with the exclusive claims of Christ and why he feels there is not just one authoritative way. After the dialogue he shared how he felt this approach to talk about spirituality was the "coolest and most interesting way to talk to people about this." Go to mysoularium.com to find more info on this great idea for initiating conversations.

THOUGHTS OF CONVICTION:

Why give yourself to something others can do or will do when you can give yourself to something others can't do or won't do? -Anonymous

*His love has no limits,
His grace has no measure,
His power no boundary known
unto men;
For out of His infinite riches in
Jesus
He giveth, and giveth and giveth
again.* -Annie Flint

PRAYER REQUESTS:

- Our annual Men's retreat is April 4-6. Pray for truths of scripture to call men into authentic manhood.
- 12 students from KSU are going to the world this summer with Crusade to help fulfill the Great Commission. Pray that God would give them everything they need.
- I am taking some time this spring to work on financial support. Pray that God would provide vision and purpose in communicating to new contacts.

Community College Kansas Road Trip

Our vision for placing the gospel before every college student includes those on the community college campuses throughout the state of Kansas. Our entire team took a whole week to tour throughout the state in order to make that vision a reality. Jason Coorts and I showed up on 4 community colleges in southwest Kansas. Barton County, Dodge City, Garden City, and Seward County. Our main objective was to surface Christian faculty inside the institution who could help support the infrastructure in order to help connect students to the ministry. 2 of the 4 campuses already had an existing group. In that case we wanted to resource and partner what was already happening, not start something new. Paul and Ryan hit up a dozen colleges in the Wichita area. Time in the McPherson College was a big-time win as they found a student-led small group meeting on the campus. One group leader there had a sibling involved in Cru at KSU and was excited for us to come.
