- Praise for the current and new student involvement!
- Pray for the freshmen, that they won't walk away from their faith and will be seeking to know more about our Father.
- Praise for the 5 students that accepted Christ in the SD High School Ministry!
- Pray for our San Diego Fall Retreat Oct. 15th.
- Pray that the last 34% of my monthly support will come in this month.
- Pray for a community of friends in San Diego.

Planning time with our current student leaders and staff.

Planning and Preparing

At the beginning of the month our staff team (pictured above) met for two packed days of planning and casting vision for this year. We ended last year with 5 active bible studies at both SDSU and UCSD. This year, we would like to see that number double; with current students growing in their faith, students coming into relationship with Christ, and

a greek ministry being launched.

Along with planning, I enjoyed getting to know my teammates. We stayed up late playing board games and sharing stories, along with hearing one another's testimonies. I'm looking forward to getting to know them more through the year!

I'd love to hear from you!
