Dear Friends,

A short note this month to ask for your continued prayers for:

- Our safety. We've been experiencing frequent earthquakes here in Quito. We've not had this many so close together. Locals tell us the last time this happened was just prior to a major eruption of Pichincha (the volcano that we live under) in 1999.
- Toby's continued improvement with health. He's already lost 11 pounds and building a much healthier diet, exercise, and work schedule.
- Financial needs. Please see the updates on our support levels on the back of this card—and thank you so much for your help.
- Completion of staffing for the Academy prior to the start of the school-year on Sept. 1st. We are still in immediate need of a High School Science Teacher!

What a blessing you all are to us. Thank you so much for helping to make our life and ministry possible here in Ecuador!
