

RIPE *for Harvest* WORLD OUTREACH

AUGUST 2016 - MINISTRY UPDATE

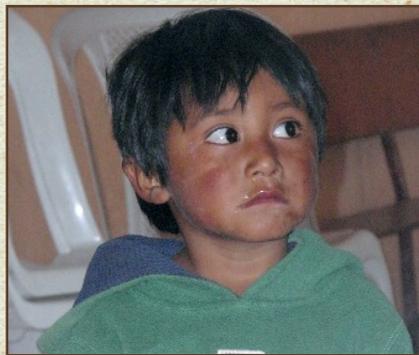

MINISTRY PARTNERSHIPS

During the North American summer months (our winter) we have the opportunity of partnering with a wide variety of short-term teams who come to Ecuador from the USA. Over the past few weeks our family has worked with teams from Texas and Tennessee. The team from Texas focused on ministry with children and mothers - providing a VBS-type program in several very needy and largely un-reached communities. The team from Tennessee consisted of medical personnel, and they provided free clinics - treating many who could never afford or receive such care.

Tannia's mom, Sara, and her sisters, Gabriela and Paulina, serve as translators and coordinators of the projects. Their work and ministry is an extension of our ministry as we provided the financial means for them to serve. Their work is vital in providing the ability for the North American teams to connect with and serve our local communities.

If you have a team that would be interested in serving in Ecuador through a short-term mission experience. Please contact us! We'd love to host you!

Awaiting treatment during medical mission.

Housing development site of mission project.

Above I am pictured with my faculty and staff on the site of the construction of our new school building. As you can see, I lead a wild and crazy team! They really are the best!

We are very excited to see the progress on the construction, which is scheduled for completion in March of 2017. This will allow us to expand our classes and services next school year. The building will eventually permit us to double our student population. Currently we serve 553 students (i.e. PK3 - Grade 7).

Here I am with some of our 5th graders who just completed a social studies project on China. Can you tell I enjoy my job?! - Toby
