October, 2017

"This has been the greatest training!"

"I have been a teacher for over 10 years in Christian schools, and this is the single most meaningful professional development I have ever experienced."

Pictured above are the faculty and staff of *St. Augustine's High School* in Managua, Nicaragua—all wanting to express their **thanks to you** for making my recent trip and training for their school possible.

We spent a tremendous two days together; 12 hours of training in school and ministry improvement. Here are just a few of the comments from the *Feedback Forms* they completed following the training:

"One word: INSPIRING! Dr. Travis left us all wanting to be better and to be more for our school community!"

"Toby provided us a clear view of what to do and where to go. Very practical."

"The training provided useful material we can apply not only to our professional life, but also to our personal life. It was awesome!"

The school is already asking when we can continue the training!

As you may be aware, Nicaragua is a developing country. In fact, they are the poorest Latin American country, second in that regard only to Haiti. **The work of a Christian school within that setting is so much more significant than providing a quality education.** This team of highly dedicated faculty and staff are truly making an impact on their community, which extends to their entire country.

Thank you so much for investing in their lives and ministry!

Later this month, I will be traveling to Punta Cana, in the Dominican Republic to provide leadership training for over 50 Christian school administrators who lead ministries throughout the Caribbean region. Many of these leaders are **still reeling from the effects of the recent hurricane damages** to their schools and communities, but as they have very limited resources and access to the type of training they will

experience over the 3 days we will spend together, they are committed to participating.

I made a commitment to participate in this

training over a year ago. However, although my ticket is purchased and I am set to arrive in the D.R. on October 25th, **this project is still not yet fully funded.** We are still in need of raising approximately \$4,000 in order to cover all the related expenses and fees for this project.

Would you please consider making a special one-time gift to help us fully fund this ministry project? Your gift will make a difference in developing over a dozen Christian schools throughout the Caribbean; impacting the lives of literally thousands of children and families for Jesus Christ.

Your gift of any amount is deeply appreciated, and needed immediately. Thank you!

- Toby

Enclosed is my gift of \$ _____ designated for
the ministry of *Toby & Tannia Travis #20245*.
