Lives Changed at Winter Retreat

Every year the winter retreat is a critical piece in our efforts to build a movement among college athletes across Indianapolis. With the retreat being here in Indy this year, it allowed us to invite athletes who normally can't join. We prayed for 10 athletes, and God brought 12! We had 8 from Butler, and 4 from U of Indianapolis (UIndy) — a campus we launched in the fall.

In our January letter, we asked for prayer that our students would make their walk with Jesus top priority. *WOW, the Lord used this retreat to grow that desire in them!* The theme of the retreat was "EVERY" — God desires the heart of every athlete, team, and nation to turn back to Him through Christ.

Our students, along with another 350 college athletes, had a great time worshipping together, being challenged by dynamic Bible teaching, and experiencing authentic fellowship. There is incredible momentum heading into the spring semester! :)
