

Introducing
Cooper Enoch Williams

Dear Friends,

April 27, 2020

We're excited to introduce the newest addition to our family! **Cooper Enoch Williams** was born April 24th at 4:08am at 8 pounds and 20 inches long. We are incredibly grateful for this blessing from the Lord!

The origin of the name **Cooper** means barrel maker or craftsman. We believe God gives everyone specific gifts and talents to be used for God's glory and our joy. We pray that our Cooper will use his God-given talents to uniquely glorify God and be a blessing to others.

The origin of **Enoch** is from Genesis 5 which says Enoch walked faithfully with God for all his days (365 years!) and then God took him home. It's our prayer that our son will walk faithfully with God his whole life.

We have seen how God has provided for us and protected us during this unique season. We cherish your continued prayers for health and strength as we adjust to being a family of five.
