

Ultimate Training Camp

Williams Word | May 2025

Throughout the school year we recruit students to attend Ultimate Training Camp (UTC) in the summer. It is a week long camp that teaches college athletes how to integrate faith and sport in a very practical way. Our students return to campus in the fall excited to walk with God. They also want to impact friends and teammates with the gospel.

This year we have 37 Indy students going to UTC! The first camp in late May happens in Fort Collins, CO and the second camp in mid June happens in St Paul, MN. *Pray that each person registered follows through and shows up, and that the Lord meets them in a mighty way.*

Indy students going to UTC

While we are on sabbatical this summer (May 12 to July 11), a few of our staff and students will lead the summer AIA Bible study. We trust their leadership and believe God will use them. Pray for the leaders by name to have confidence in the Lord and unwavering commitment to Him. They are Aidan, Cate, Doug, Eli, Grace, Sean, and Jacqueline. *Pray for the Word to work in hearts, growth in the community, and new faces to attend.*

Senior Sendoff

Every April is bittersweet as we celebrate and commission our graduating seniors. We love them dearly and saw tremendous spiritual growth the past few years. But we know God is sending them out to be servant leaders in the world. We had a sendoff to encourage them and share vision for how God can use them as they are “sent” as ambassadors for Christ (2 Corinthians 5:20).

Our personal mission is to raise up Christ-centered servant leaders who build God’s kingdom wherever He sends them. Our prayer is they would live missionally, make disciples, and be a blessing to the local church. We’re sending 17 seniors from four campuses. **Thank you for partnering with us in this work! :)**
