Winter Conference Recap

Having a virtual conference this year presented both challenges and opportunities. One glaring challenge was how to synchronize multiple small group watch parties across the city. We did our best and God did the rest! **The result was 8 watch parties on 4 different campuses with a total of 70 athletes watching the virtual livestream!** Being a one-day, three hour event allowed more athletes to join this year than previously. Here are a few encouraging testimonies from students who attended a watch party.

Butler watch party

"Absolutely loved it! It was my first event with AIA and I really want to get more involved in the future."
- Rachel, Butler Swimming

"I genuinely enjoyed the UIndy watch party experience and the virtual teaching was great."
- Tanner, UIndy Track

"I really liked the experience! I look forward to having these types of conversations with my teammates in the future." - Maria, Butler Volleyball

"It was extremely engaging and eye-opening. Since transferring to Marian, I've struggled to branch out and get connected with a faith community. I'm excited for future opportunities at Marian and will be hopping on board with AIA!" - Noelle, Marian Soccer

Marian watch party

Thank you for upholding us in prayer as we strive to reach and disciple college athletes during this "covid era." We continue to keep our hearts and minds open to how God wants to lead us in this ministry. *Pray for wisdom, endurance, and faithfulness in all we do.* We cherish your partnership with us. :)
