

Fall Launch

The fall semester has officially launched! Matt recently spoke with the incoming freshmen on the Butler Football team about being a “Total Athlete” by growing physically, mentally, and spiritually. The responses were positive and we’ll follow up soon to get them connected.

Jenny is starting to organize the women’s discipleship group at Butler. The roster is growing and she’s excited about the new incoming girls. **Pray for their hearts to receive the invitation and challenge into discipleship this school year.** Student-athlete schedules are full but they always make time for what they view as important.

We’re grateful for returning and new volunteers serving with us this school year. There are seven volunteers leading five different small groups across three campuses. We’ll also include 18 students from three campuses onto the leadership team. It gets complicated at times but we couldn’t grow the Indy AIA movement without their help! Our leadership retreat is coming up on August 25th. **Pray for unity and vision as we seek to get aligned and excited for the semester ahead.**

Robbie Baptism

On August 4th, Matt had the privilege of baptizing Robbie at our home church, College Park! After going to UTC with us in May, he expressed a desire to get baptized and be more public with his faith. This is evidence of God’s hand at work because Robbie wouldn’t even talk to me when we first met two years ago. Then last fall Robbie began attending the wrestlers Bible study that Matt started through a student leader. **Pray that he would continue on the path of spiritual growth and be unashamed about his faith.** Thank you for being our partners in the mission. We are able to focus on reaching and discipling college athletes because of your faithful prayers and generous gifts.
